Altamira Gold Corp.

Notes to the Condensed Interim Consolidated Financial Statements

For the Three and Six Months Ended August 31, 2018

(Expressed in Canadian Dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

Altamira Gold Corp. (“Altamira” or the “Company”) is a publicly listed company incorporated in British Columbia on September 1, 1994, with limited liability under the legislation of the Province of British Columbia and its shares are listed on the TSX Venture Exchange (“TSX-V”). The Company is principally engaged in the acquisition, exploration, development and mining of mineral properties.

The head office, principal address, and registered and records office of the Company are located at 1500 – 409 Granville Street, Vancouver, BC, Canada, V6C 1T2.

Going concern

These consolidated financial statements were prepared on a going concern basis. As of August 31, 2018, the Company had working capital of \$619,169 (February 28, 2018 - \$845,987). The Company’s ability to continue as a going concern is dependent upon the ability of the Company to obtain financing and generate positive cash flows from its operations. Management of the Company believes they are able to raise sufficient funds to cover all of its operating requirements, financial commitments, and business development priorities during the next twelve months. However, the Company expects that it will continue to need to obtain further financing in the form of debt, equity or a combination thereof in the future. There can be no assurance that additional funding will be available to the Company, or, if available, that this funding will be on acceptable terms. If adequate funds are not available, the Company may be required to delay or reduce the scope of any or all of its development projects. All of these material uncertainties may cast significant doubt about the Company’s ability to continue as a going concern.

Approval of the financial statements

These consolidated financial statements for the three and six month and periods ended August 31, 2018, were reviewed by the Audit Committee and were approved and authorized for issue by the Board of Directors on October 26, 2018.

2. BASIS OF PRESENTATION AND STATEMENT OF COMPLIANCE

Statement of compliance

These condensed interim consolidated financial statements of the Company as at and for the three and six month periods ended August 31, 2018, with comparative information as at February 28, 2018 and for the three and six month periods ended August 31, 2017, have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) which the Canadian Accounting Standards Board has approved for incorporation into Part 1 of the Handbook of Canadian Institute of Chartered Accountants, as applicable to the preparation of interim financial statements including IAS 34. These unaudited interim financial statements do not include all of the disclosures required for annual financial statements and hence should be read in conjunction with the Company’s annual consolidated financial statements for the year ended February 28, 2018. These unaudited condensed interim consolidated financial statements follow the same significant accounting policies as those included in the Company’s most recent annual consolidated financial statements, except as described herein.

New accounting standards and amendments adopted

The following standards have been adopted as at March 1, 2018. The Company has determined the impact of the new requirements to not be material.

IFRS 9, Financial Instruments (“IFRS 9”) replaces IAS 39, Financial Instruments – Recognition and Measurement (“IAS 39”) and some of the requirements of IFRS 7, Financial Instruments: Disclosures (“IFRS 7”).

2. BASIS OF PRESENTATION AND STATEMENT OF COMPLIANCE - continued

The objective of IFRS 9 is to establish principles for reporting of financial assets and financial liabilities in respect of the assessment of the amounts, timing and uncertainty of an entity's future cash flows.

IFRS 15, Revenue from Contracts with Customers ("IFRS 15") replaces IAS 11, Construction Contracts ("IAS 11"), IAS 18, Revenue ("IAS 18") and some revenue-related interpretations. The objective of IFRS 15 is to provide a single comprehensive revenue recognition model that applies to contracts with customers using two approaches to recognizing revenue – at one point in time or over time. The model features a contract-based five-step analysis of transactions to determine whether, how much and when revenue is recognized. New estimates and judgmental thresholds have been introduced, which may affect the amount and/or timing of the revenue recognized.

Accounting standards and amendments issued but not yet adopted

IFRS 16, Leases ("IFRS 16") replaces IAS 17, Leases ("IAS 17"). The new model requires the recognition of almost all lease contracts on a lessee's statement of financial position as a lease liability reflecting future lease payments and a 'right-of-use asset' with exceptions for certain short-term leases and leases of low-value assets. In addition, the lease payments are required to be presented on the statement of cash flow within operating and financing activities for the interest and principal portions, respectively.

IFRS 16 is effective for annual periods beginning on or after January 1, 2019, with early adoption permitted. The Company is in the process of evaluating the impact.

3. CASH AND CASH EQUIVALENTS

As of August 31, 2018, the Company had a \$600,000 (February 2018 - \$1,000,000) guaranteed investment certificate that bears interest at prime minus 2.6% and matures on December 20, 2018.

11. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Fair value

IFRS 7 establishes a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value as follows:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

As at August 31, 2018, the Company's financial instruments are comprised of cash and cash equivalents, other receivables (excluding GST), long term investment, reclamation deposit, accounts payable and accrued liabilities, due to related parties and long term liabilities. The carrying value of cash and cash equivalents, accounts payable and accrued liabilities and due to related parties approximate their fair values due to the relatively short periods to maturity of these financial instruments.
